

## 2025 Workplace Flu Vaccination Program

**Protect your employees and your organisation against the effects of the flu in 2025.**

Did you know, employees with influenza can take an average of two weeks to recover? The flu can be contagious before any symptoms show. Therefore, it is easily spread between employees in the workplace.

Offering your employees free and easy access to the influenza vaccination is a proactive way of reducing the impact of sick leave on the operations and productivity of your organisation. It also demonstrates your organisation cares about employees health and wellbeing, which can increase morale.

Our experienced specialist immunisation team look forward to providing this service at your worksite, which includes:

- A booking system where individual employees can book online.
- Specialist immunisation team to administer the vaccinations and oversee the observation period.
- Registration of vaccination via Australian Immunisation Registry – proof of certificate available through employee’s MyGov, Medicare, Immunisation history.

## Fees

- Base rate attendance fee of \$110.00 + GST per hour per nurse
- \$22 + GST vaccination per person
- \$9 + GST vaccination per person for employees aged 65+ years
- Please note a travel cost will apply for those organisations more than 10km outside the Greater Bendigo region. Please call us for costing.
