

2026 Workplace Flu Vaccination Program

Protect your employees and your organisation against the effects of the flu in 2026.

Did you know, employees with influenza can take an average of two weeks to recover? The flu can be contagious before any symptoms show. Therefore, it is easily spread between employees in the workplace.

Offering your employees free and easy access to the influenza vaccination is a proactive way of reducing the impact of sick leave on the operations and productivity of your organisation. It also demonstrates your organisation cares about its employees' health and wellbeing, which can increase morale.

We offer two options to accommodate your organisation's needs:

Option one - We come to you - We attend your worksite to deliver our program.

Option two - You come to us - Your employees attend our BCHS medical practice at Seymoure Street, Eaglehawk.

Option one - We come to you

Our experienced specialist immunisation team look forward to providing this service at your worksite, which includes:

- A booking system where individual employees can book online.
- Administering of the vaccinations and overseeing the observation period.
- Registration of vaccination via Australian Immunisation Registry – proof of certificate available through employee's MyGov, Medicare, Immunisation history.

If you have staff that are unable to attend the day of your onsite booking, a staff catch-up clinic at our Medical Practice will be provided on a Tuesday evening.

Fees

- Base rate attendance fee of \$110.00 + GST per hour per nurse
- \$22 + GST vaccination per person
- \$9 + GST vaccination per person for employees aged 65+ years
- A travel cost will apply for organisations more than 10km outside Greater Bendigo.

Option two - You come to us

Please email healthylifestyles@bchs.com.au to request more information on this option.

Book either option by emailing healthylifestyles@bchs.com.au

Please provide us with the following information in your booking request:

- Organisation name and address
- Preferred **option - one or two**
- If choosing **option one**, include preferred day/date/time
- Approximate number of employees
- Nominated contact person's name, email & ph no.
- Organisation email

Some of the wonderful organisations to take part in our Flu Vaccination Program include:

McKern Steel
Fosterville Mine
Country Fire Authority
Schools & kindergartens
and even BCHS' own staff!

Don't miss out - book ASAP for a guaranteed place in the program
